Manufactured to Meet Your Needs

Blue Bird focuses on manufacturing the most durable security bus in the market. Each vehicle is tailored to meet the needs of your facility while creating a secure and comfortable environment for both security personnel and inmates.

Blue Bird Security Bus Options

From work detail to inmate transfer at maximum security levels, Blue Bird offers options that are cost effective and assist in streamlining the transportation process.

Window Options

Blue Bird offers porthole, split sash, Shurgard™ metal punch, and covered window options.

Blue Bird Shurgard™ Metal

Blue Bird's exclusive Shurgard™ metal punch is 75% stronger than typical expanded metal, creating durable partitions and preventing vandalism to interior parts.

Air Conditioning Systems

Blue Bird's integrated air conditioning systems maintain the passenger compartment temperatures with maximum efficiency.

Optional Blind Rear

The rear of the bus can be equipped with metal covering the windows and door.

Multiple Seating Options

Custom seat configurations and floor plans, including vinyl and fiberglass bench seating.

Surveillance and Security

Video cameras and alarm technology options are available.

Security Covers

Protect the interior parts of the bus from vandalism with durable metal security covers. Available for interior dome lights, speakers, roof hatches and more.

Storage Compartments

Storage compartments may be added to the interior or undercarriage of the bus for enhanced passenger comfort.

"We continue to be impressed with Blue Bird and the value, quality and reliability of the buses they make for the Georgia Department of Corrections. Blue Bird provides our department with a secure method of transportation which is of the utmost importance to our mission of protecting our staff, offenders, and the public."
